

## CSO SEAWELL

### General Information:

The vessel was designed for Stena Offshore, Sweden. The vessel and sister vessel were built at North East Shipbuilders in Sunderland, United Kingdom (Yard no. 275). The vessels are operated by Coflexip Stena Offshore in France. The vessels are two of the most advanced and flexible offshore support vessels designed and built to date and include large diving and crane facilities.

### Main Particulars:

Length o.a.	111.40 m
Length p.p.	100.00 m
Breadth	22.50 m
Depth	7.80 m
Draught	7.05 m

### Speed:

Service speed	14.00 kn
---------------	----------

### Propulsion:

Diesel electric azimuth	
Main engines	6 x Hedmora V18B diesel generators
Installed power	12660 kW
Propulsion	3 x azimuthing thrusters (6600 kW) 3 x bow-thrusters (3975 kW)
Bollard pull	110 t
Endurance of the vessel	approx. 65 days

### Miscellaneous:

Diving rating	450 m
Max. crane capacity	130 t
Number of vessels built	2
Identification number	KEH 82051
IMO number	8324567

### Scope of work:

- Conceptual design developed for the owner
- Basic design developed for the shipyard, including:
  - General design
  - Structural design
  - Machinery design
  - Outfitting design
  - Accommodation design

After the delivery of the vessel Knud E. Hansen has been involved in numerous conversions of the vessels depending on the relevant assignments for the vessels
